

INCLUSIVE HEALTH CARE – YOUTH & PROVIDERS EMPOWERED

Onsite Training of Facilitators

We would be thrilled to have our IN-clued trainers visit you on-site to deliver our Training of Facilitators for your staff and community partners. This in-person training for future IN-clued facilitators incorporates an interactive learning process in a fun and supportive environment. We offer two separate full-day trainings: a 1-day Youth Workshop Training of Facilitators, and a 1-day Health Center Workshop Training of Facilitators. Your team will build the foundational knowledge and skills to implement workshop(s), and upon completion will have an established foundation to support successful delivery of the curricula with comfort and fidelity.

Youth Workshop Training of Facilitators Learning Objective

Our interactive one-day training of facilitators will help prepare your team to deliver the curriculum in your community, and answer the following questions:

1. Why is the IN-clued Program, and specifically the Youth Workshop, needed?
2. What LGBTQ sexual health information do I (and my peer educators) need to know to implement IN-clued?
3. What are IN-clued's Youth Curriculum's essential goals and components?
4. (If applicable) What are the responsibilities of my peer educators, and how can I prepare them accordingly?

Health Center Workshop Training of Facilitators Learning Objective

Our interactive one-day training of facilitators will help prepare your team to deliver the curriculum in your community, and answer the following questions:

1. Why is the IN-clued Program, and specifically the Health Center Workshop, needed?
2. What is unique about training adults, and specifically, healthcare professionals?
3. What are IN-clued's Clinic Curriculum's essential goals and components?
4. What are the responsibilities of my peer educators, and how can I prepare them accordingly?

Training Cost
